

WELCOME TO THE NEW FOOD SERVICE PROGRAM FOR CREAN LUTHERAN SOUTH HIGH SCHOOL

Alegre Foods welcomes each and every family this joyous and exciting new year. We would like to express how blessed we feel to have the privilege of serving your children and feel honored to be a part of Crean Lutheran South High School.

Alegre Foods would like to introduce our full Food Service Program. We will be offering meals on a five-day a week basis. Alegre lunches are hot, delicious and nutritious meals that will satisfy your child's taste buds and hunger, along with providing the needed nutrients for strong, healthy bodies. Alegre Foods has centered its efforts in meeting the needs of our young generation by implementing a nutritious and well-balanced menu. Seeing the serious call for change in *what* and *how* our children eat has trickled its way into our schools. It is our responsibility as food service providers to not only meet but go one step beyond this need. In reaching this goal, Alegre Foods has worked closely with nutritionists and has revised its menus, finding the balance between what children *want* to eat and what parents *desire* for their children to eat... a mighty task. Enclosed please find our menus.

- For the present time, Alegre Foods will offer food service at nutrition break as well as an ala carte lunch program for staff and students. Both menus are enclosed listing items that will be available for cash sale. Please encourage your children to become familiar with the items available for purchase. For children who prefer a "vegetarian" menu, please notify the Operator so their needs can be met.

Again, Alegre Foods is truly blessed by being incorporated into the Crean Lutheran South family and takes pride in serving your children. If you have any questions, please call our Director of Operations Elly Halliburton at 949-201-6061.

Blessings,

The Team of Alegre Food Service, Inc.
